Syndicate start date Syndicate end date

Syndicate agreement

1. Syndicate members agree to pay £ per draw for entry into each Unity Lottery weekly draw.
2. Syndicate members agree that Epilepsy Action is the nominated beneficiary of this entry. Money will be paid at the start of each month and will be determined by the amount of entries and draws in which the syndicate agrees to participate
3. The syndicate manager will buy all tickets in advance of each draw. If a member has not contributed the money they owe before tickets are bought they will not receive any winnings from the draw(s) in which they did not pay in advance and money will be split between the remaining syndicate members.
4. The syndicate manager will purchase lottery tickets using their own Unity Lottery account. Another syndicate member will independently check draw results every week, as and when they become available on the Unity Lottery website: www.unitylottery.co.uk/results
5. Syndicate members will participate for a minimum period of month(s), starting and ending on the specified dates.
6. At the end of the month period, all syndicate members will receive an equal share of any winnings which have been accumulated. The only exception will be at a time when winnings are equal to or greater than £ per member, at which point money will be paid as soon as possible. In this case, the syndicate manager acknowledges that they are obliged to transfer all winnings directly to members.
7. If any member has to leave the syndicate due to a change of circumstances, they will receive the share of winnings they are owed at the time of their exit. They will also be refunded any money from ticket payments made in advance for future draws in which they will not be part of the syndicate. Winnings from this point on will be distributed to the remaining syndicate members and the person departing acknowledges they have no claim on syndicate winnings after they have left the syndicate.
8. The syndicate can purchase additional entries on a case-by-case basis, subject to the agreement of the majority of members.
9. All syndicate members must agree in writing (email is acceptable) before a decision is taken to go public with any win greater in value than £ . Syndicate members also agree not to give details of any significant win to a third party where such disclosure could lead to any syndicate member, someone in their family or their employer(s) being identified.
10. Any syndicate member can request information on the syndicate fund's balance at any time. The syndicate will be brought to an end should membership fall below players, at which point any winnings will be equally split between members.

Neither Epilepsy Action nor Sterling Management accepts responsibility or any liability for losses resulting from the use of this form, whether in whole or in part.
