

Judging criteria

Epilepsy Action will consider all the nominations for our Epilepsy Stars awards.

We are looking for people or organisations who have helped to make a positive difference for you or a loved one living with epilepsy. Make sure you tell us how they:

- have shown passion and dedication to help people with epilepsy
- have gone above and beyond with their actions
- have improved the world for people with epilepsy

Please note that Epilepsy Action volunteers cannot be nominated for the Epilepsy Star awards.

Handy hints

- Remember to include as much information in your nomination about the person or organisation and why they deserve to win. Don't forget to tell us about your experience of epilepsy and how it impacts on your life.
- Make sure you give specific details about the difference the person or organisation has made and the positive impact of their actions.
- If you're submitting a video nomination, please keep it to under 5 minutes and use the above criteria to help explain why you think the person or organisation is worthy of an award.
